

**General Notes**

The information depicted on the map represents the results of surveys made on the date indicated and can only be considered as indicating the general condition at that time. Unless otherwise noted on this map, all depths and soundings are in feet and are referred to the International Great Lakes Datum 1985 (IGLD 1985) and all horizontal positions are referred to North American Datum 1983 (NAD83). See the \$10 Specific Notes area for appropriate datum.

To obtain more detailed information regarding the data used in this chart, contact the Hydrographic Survey Section of the National Oceanic and Atmospheric Administration, Office of Hydrography, Washington, DC 20543-7760.

SECTION 10 contains information pertaining to your request. The drawing was prepared under SECTION 10 and may be disrupted.
